Burglary Prevention Tip.

Exterior

Your first line of defense is the appearance your home gives from the street.

1. Lighting – All entry ways should be well lit with lights located high and out of reach. A good location is

under eaves.

2. Shrubbery and trees should not block the view of the doors and windows.
3. When staying home or leaving your home at night, leave lights on inside. Inexpensive timers can be connected and scheduled to go on and off at different timers
